

## Appendix B

Crowley Maritime operates a fleet of four petroleum products Articulated Tug-Barges on the West Coast, plying from Long Beach, CA to Portland, OR in 3.5 days and to Anacortes, WA in 4,5 days. The division, Marine Transport Corporation, has been operating on the West Coast for two years and reports 6 –10 weather days per year for the fleet. Shown in the two pictures are the ATBs loaded with 155,000 barrels of petroleum product and then light draft.
